How to print from your device

📶 Wireless Printing Portal

Print From Your Wireless Device

Print wirelessly from all mobile devices,
including laptops, tablets and smartphones.
Also works with any Internet-connected computer,
such as your own home computer.

Method 1: Send as Email Attachment

Login to your email account and send/forward an email with the
document to be printed as an attachment to either of 2 printers.
Black and White: lfpl-black@printspots.com

Color: lfpl-color@printspots.com

Only the attachment will be printed. This will send your print job to the
Release Station located near the Public Internet PCs. The price, just as
it is from the library PCs, is $ 0.15 per page (B&W) or $0.50 per page (color).

Method 2: Upload to Web Portal
Click the *Wireless Printing Portal* button (above) or
go to **http://www.printeron.net/lfpl/library**
Select one of the library printers to print to:
  - **Black and White: lfpl-black@printspots.com**
  2. **Color: lfpl-color@printspots.com**
     Enter your email address.
  3. Select document:
  - **If printing from a website:** copy and paste the
    website's url into the text box.
  - **If printing a document from your computer:** click*Browse0*
    and locate file.
  4. Click the green print button.

You can pay for and release your print jobs at the Release Station located near the Public Internet PCs. The price, just as it is from the library PCs, is $ 0.15 per page (B&W) or $0.50 per page (color)
